

Now your students can access StudyDog on an iPad!

How to install StudyDog on an iPad

Go to iPad home screen
You will see icons for apps already installed on your iPad

Click the "App Store" icon to open the Apple App Store

In the top right corner, tap the "Search" field. Type StudyDog & click "Search"

Find "StudyDog Schools" and click "Get"
Then click "Install"

The app will now download and install on your iPad.

Once the app is installed click "Open" to launch it

An icon for StudyDog will also be placed on your home screen. Click to launch!

Sign in to the app using a Student username and password

A teacher username and password will not work

Sign in to your StudyDog lessons
